Our Mission in Action

A Message From Jane F. Shank & Virginia M. Pearson

2014 was a banner year for Volunteers of America Greater Baton Rouge as we received accreditation from CARF International acknowledging the strength of our behavioral health services. This accreditation allows us to, in the words of our founders, "Go wherever we are needed and do whatever comes to hand" through the provision of high quality, outcome focused and community driven programs.

VOAGBR is known to reach and uplift all people, as we go the extra mile providing compassionate and quality services through long tenured staff who are dedicated to helping America's most vulnerable®. Our staff work in programs serving a segment of the population in nineteen parishes who are traditionally overlooked. Our surveyors noted that by adding a spiritual assessment, we capture the client's spiritual needs as a whole so they can be integrated into their daily living functions.

Our strong governing board keeps stakeholders abreast of our strategic goals and creates opportunities for service through their own example. We are cited as an organization with a strong community presence, partnering and collaborating with many other stakeholders, and often the preferred provider. Through participation in fundraising and community events, we celebrate positive change in the lives of those we serve as we constantly adapt to ever-changing needs. We pledge to continue to maintain stable treatment environments which allow so many individuals to become self-sufficient, productive contributors to our community.

Thank you for valuing us as you choose to share your time, your talent, and your treasure with those we serve.
